

APPENDIX A
JOB DESCRIPTIONS

Version: January 1, 2019

JOB DESCRIPTION - GENERAL MANAGER

The General Manager is in charge of, and responsible for, overseeing all operations of the combined water and wastewater utilities. Principal responsibilities include management of all planning, administration, customer service, engineering, construction, permitting, and operations for all utility responsibility areas in accordance with District policies. Additionally, the General Manager oversees the preparation and administration of the annual budget and is responsible for preparing and maintaining a capital improvement plan and budget. The General Manager reports directly to the five-member governing board for the District.

Responsibilities:

1. Ensure that the Water Plant and the Wastewater Treatment Plant operate as efficiently as possible and under any rules and regulations of the US government , the State of Florida, the Suwannee River Water Management District, Levy County and the City of Cedar Key, as appropriate, including provisions of the Cedar Key Comprehensive Plan and the Levy County Comprehensive Plan.
2. Issue Water and Sewer Allocations as necessary.
3. Ensure that necessary testing is performed and submit appropriate reports and answer questions for Regulatory Agencies.
4. Ensure that maintenance is performed in buildings, grounds, equipment as necessary.
5. Respond to customer complaints or questions and see that work orders are fulfilled.
6. Supervise, discipline, and evaluate all District personnel pursuant to procedures adopted by Resolution of the District Board.
7. Set up and maintain office systems, including computers, software, billing systems, and meter readers.
8. Prepare an annual budget for the District.
9. Prepare monthly reports to the District Board of Commissioners and present at regular monthly meetings of the Board.
10. Handle all administrative responsibilities associated with the effective implementation of the above requirements.
11. Any other duties assigned by the Board of Commissioners of the District.
- 12.

Reporting and Salary:

The General Manager reports to the Board of Commissioners and shall have a starting salary of \$50,000 - \$70,000 per year, depending on experience, education and qualifications. In the alternative, the General Manager may provide services to the District as an independent contractor at a rate negotiated with the District.

Qualifications:

The following are preferred, but the Board of Commissioners may find that alternative experience, education and/or training in other fields qualify a person to be General Manager:

- 5 years experience in water and wastewater treatment and/or utility management and a high school diploma.
- Must be a professional engineer with water and wastewater experience, and/or have a Class C Operator license for wastewater and water.
